## **BHDP Architecture Opens New Office in Atlanta, GA**

(Cincinnati, OH; May 25, 2017) BHDP Architecture is pleased to announce the opening of a new office in Atlanta, GA. The office will be led by Lucas Roberts, AIA, LEED AP, who has a decade of workplace design experience. “BHDP has several clients already in and around the Atlanta area, so it makes sense to have an office here so we can serve them better,” said Lucas Roberts, Client Leader.

“Lucas has gained a lot of expertise building client relationships and leading them through the successful design and completion of significant workplace environments in this region. Prior to joining BHDP, Lucas worked in Atlanta with another large architectural firm so he understands the challenges in this market and how to grow this office,” said Mike Habel, President/CEO of BHDP.

BHDP’s new office is located at 1230 Peachtree Street, Suite 1900, Atlanta, Georgia 30309 and can be contacted by phone at 770-545-5862.

### **About BHDP**

BHDP, an award-winning international architectural firm with offices in Cincinnati and Columbus, Ohio; Atlanta, GA; Pittsburgh, PA; and Raleigh, North Carolina; is recognized for intelligent, innovative and inspiring solutions in architecture, planning, interior design, project management, strategic consulting; and now offers custom facility management, location tracking tools and analytic support via AVUITY, its independent tech services consulting practice. BHDP serves five core markets: Workplace, Retail, Higher Education, Science and Integrated Industrial Design. For information visit [www.bhd.com](http://www.bhd.com).
